

# Foreign Service Network: Digital Services for Countries

## Your website. Your Collaboration Tools. Your Control.

## We provide websites and collaboration tools for Honorary Consulates, Consulates General, Embassies, and Consular Corps around the world.

A secured and cloud-based platform for your online presence, content, and communications. Easy setup, simple usage, and reliable support.

### Consular Corps

Receive your own customizable website for your jurisdiction. Showcase information, officers, countries, links, and other material. Control everything via an administration panel and collaborate within your group through a secure Console. Your members can update their own contact information in real-time.

### Ease of Use

No downloads or installations. Access your account and maintain your content online via an internet browser – computer, mobile, or tablet.

### Consulates

Obtain an online web presence that is standardized across all Consulates for your country. Control your own regional pages and let your Embassy and Government take care of all other content. Post news and events, and collaborate with your peers via a secure Console.

### Secure Platform

Bank-level SSL encryption for all critical areas. The platform is physically hosted in the United States.

### Governments & Embassies

Standardize the look and feel across all your foreign representations' websites. Collaborate with your staff globally and syndicate information instantly to all posts. Control access and content and eliminate redundancy and outdated material. Multi-language support.

### Trusted Governance

Managed by an Honorary Consul and advised by dignitaries in the international community.

All country representatives receive free full access to all services that are intended for maintaining a Consulate / Embassy website and community.

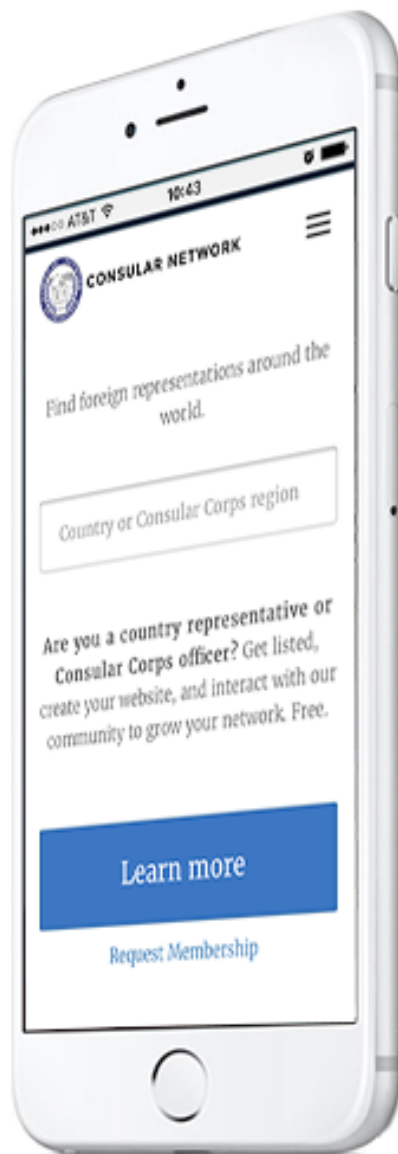

### Membership is available for

- All **Country representatives** (Career and Honorary Consuls, Diplomats, Attachés, and administrative staff of any Consulate of Embassy). Members receive free full access when joining the network.

### How to obtain access

Visit <https://foreignservice.network/apply> and submit a membership request. Once your request is processed, you will receive your login credentials and further information on how to use our site and services. Your access level (basic vs full) is determined by your government's current subscription status.

## Showcases

For Consulates ..... 5

For Governments & Embassies ..... 12

# For Consulates

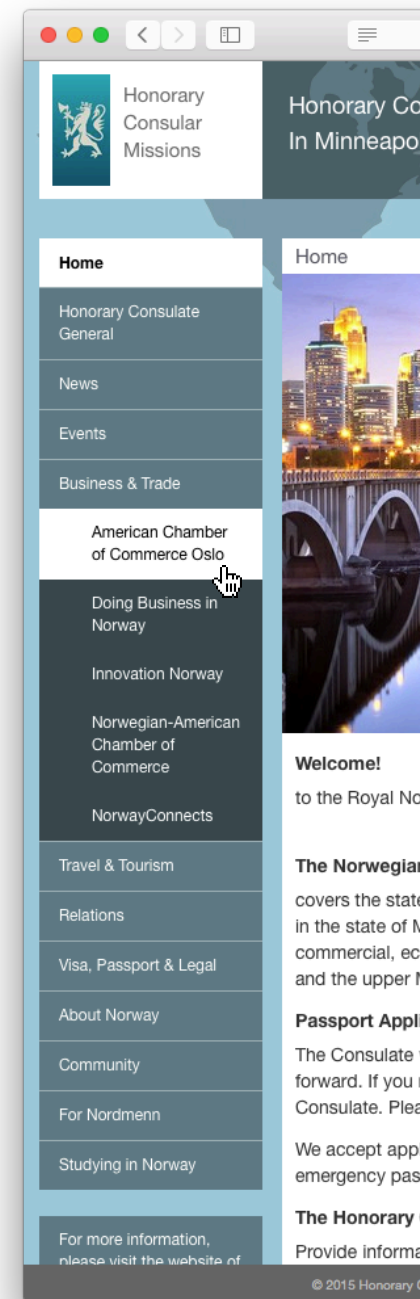

- **Professional website:** Get a full-feature website with a unified look.
- **Instant Setup:** Receive your ready-to-go website once your account is set up.
- **No Charge:** Individual members and Consulates do not pay. Country governments enable a master account for unlimited members.
- **Visibility:** Your Consulate and all members get listed in directories throughout our platform. All members receive their own public profile page.
- **Layered content ownership:** Allow your country government and embassy to post news and let them maintain general pages on your website.
- **Network and collaborate:** Access the Console, which boasts collaboration features and content management capabilities.
- **Support:** Receive free client service and continuous feature development.

# Full Flexibility

Receive a homepage that comes with a box full of features.

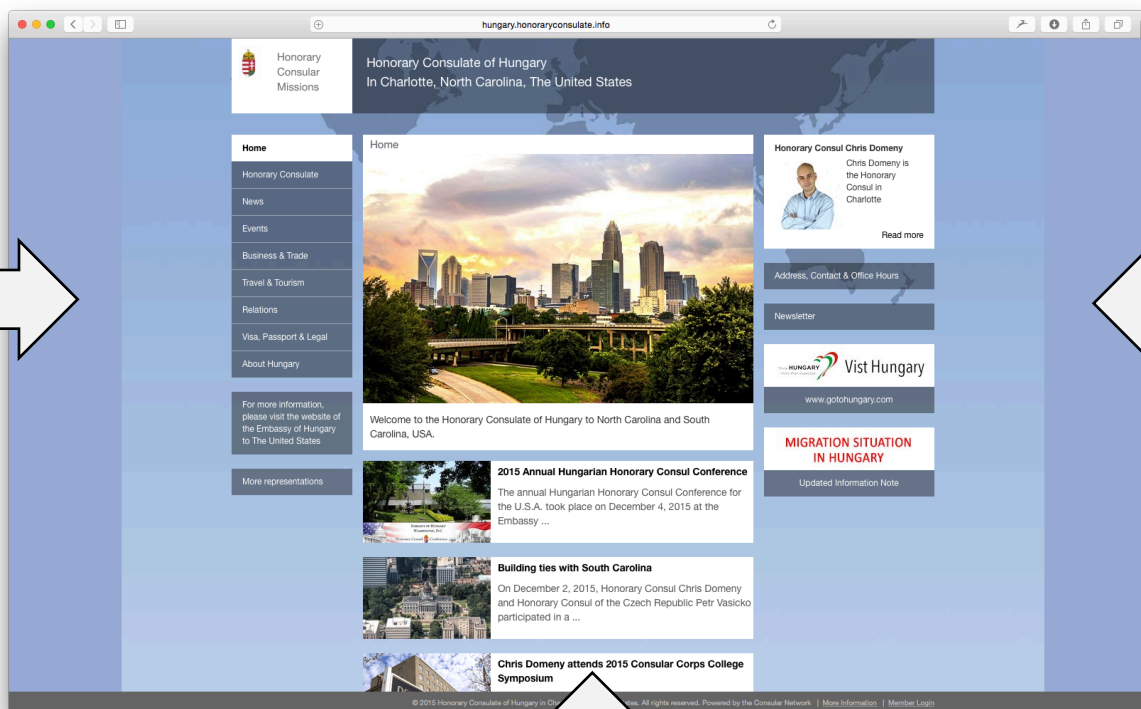

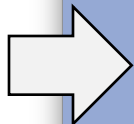

- The customizable menu allows you to add content to any category you desire.
- The landing page can be tailored to your audience, complete with pictures, texts, and links.
- The highlight section showcases important information that can be set directly by your Government and Embassy. You can highlight a news article as well to keep it on the front page.
- The contact page is auto-populated from the information in your profile. No more separate updates when your contact info changes.
- Create as many sub pages as you'd like to cover all the important elements that you cater to your audience.
- Let your visitors subscribe to a newsletter and send out your news through our secure content management system.
- Add your news and events and see them automatically displayed on the front page, as well as in the dedicated News and Events sub sites.
- Reach your site from computers, tablets, and mobile phones.

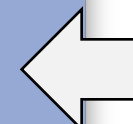

# Share the work!

Your Embassy and your Government control general content directly on your homepage, while you attend to your regional information. Never have a stale or outdated website again.

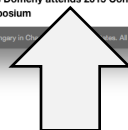

**Consulates** add regional content on across the website in pages, news, and events sections.

**Governments** maintain general information in pages, news, events, and can showcase information on the landing page for all websites worldwide.

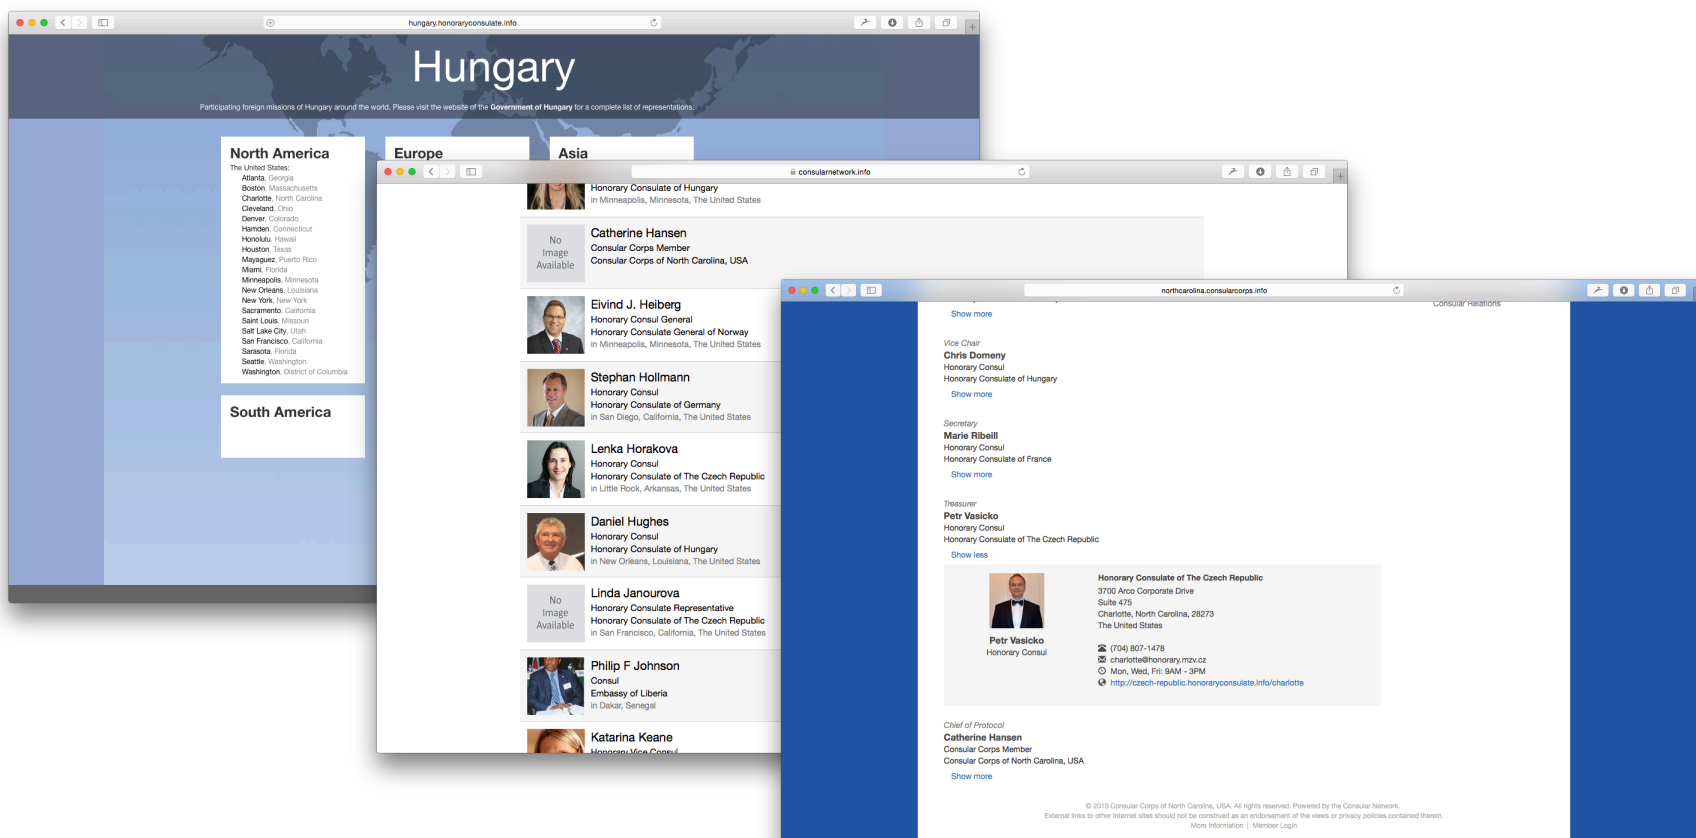

**Embassies** post and maintain country specific information in pages, news, and events on all websites in their host country.

# Get listed.

Your profile is automatically added to various internal and external directories in our platform. Administrators of Consular Corps websites can easily link to your information, which you control.

**Hungary**  
Participating foreign missions of Hungary around the world. Please visit the website of the **Government of Hungary** for a complete list of representations.

**North America**  
The United States:  
Atlanta, Georgia

More Information | Member Login

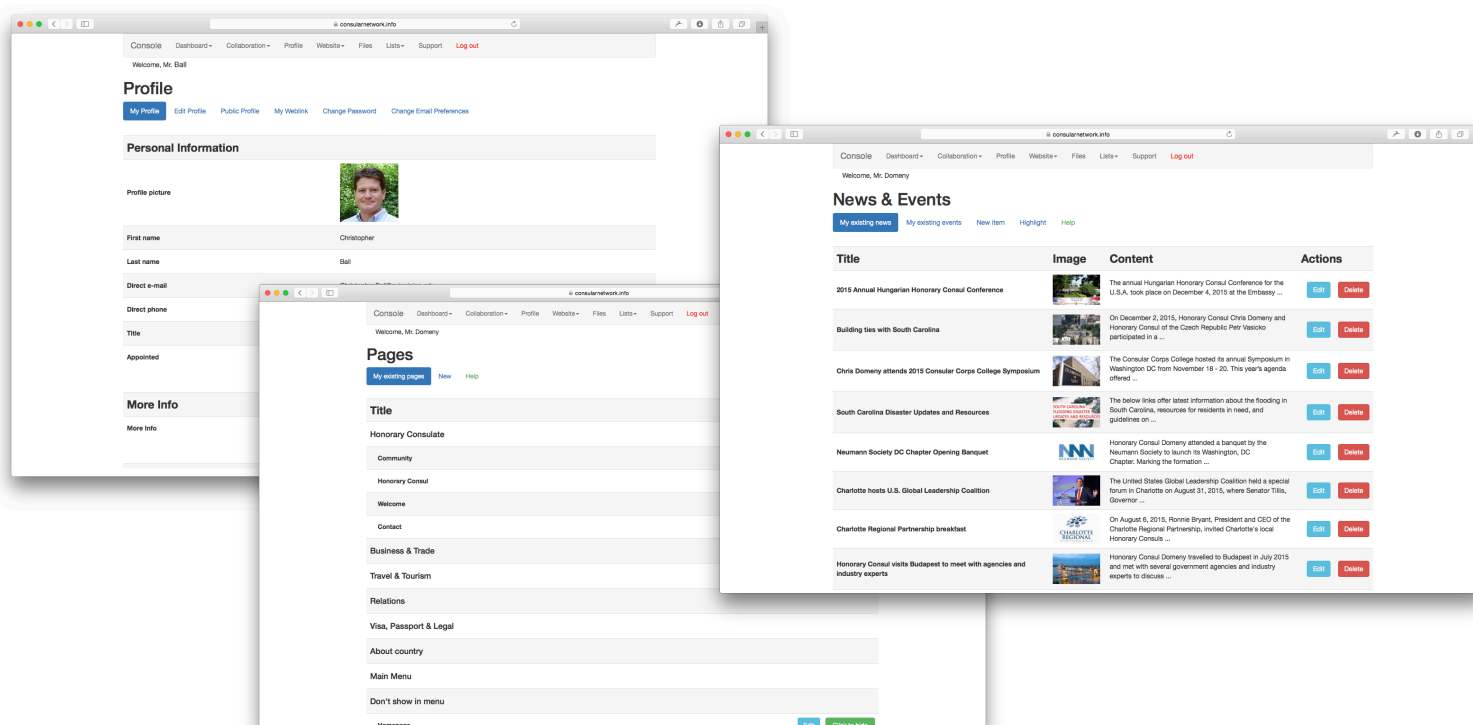

# Stay in the know.

Receive access to our Console, a private collaboration space that includes dashboards, updates, directories, profile management, file upload, support, and more. Your tailored info wall shows key information from your groups.

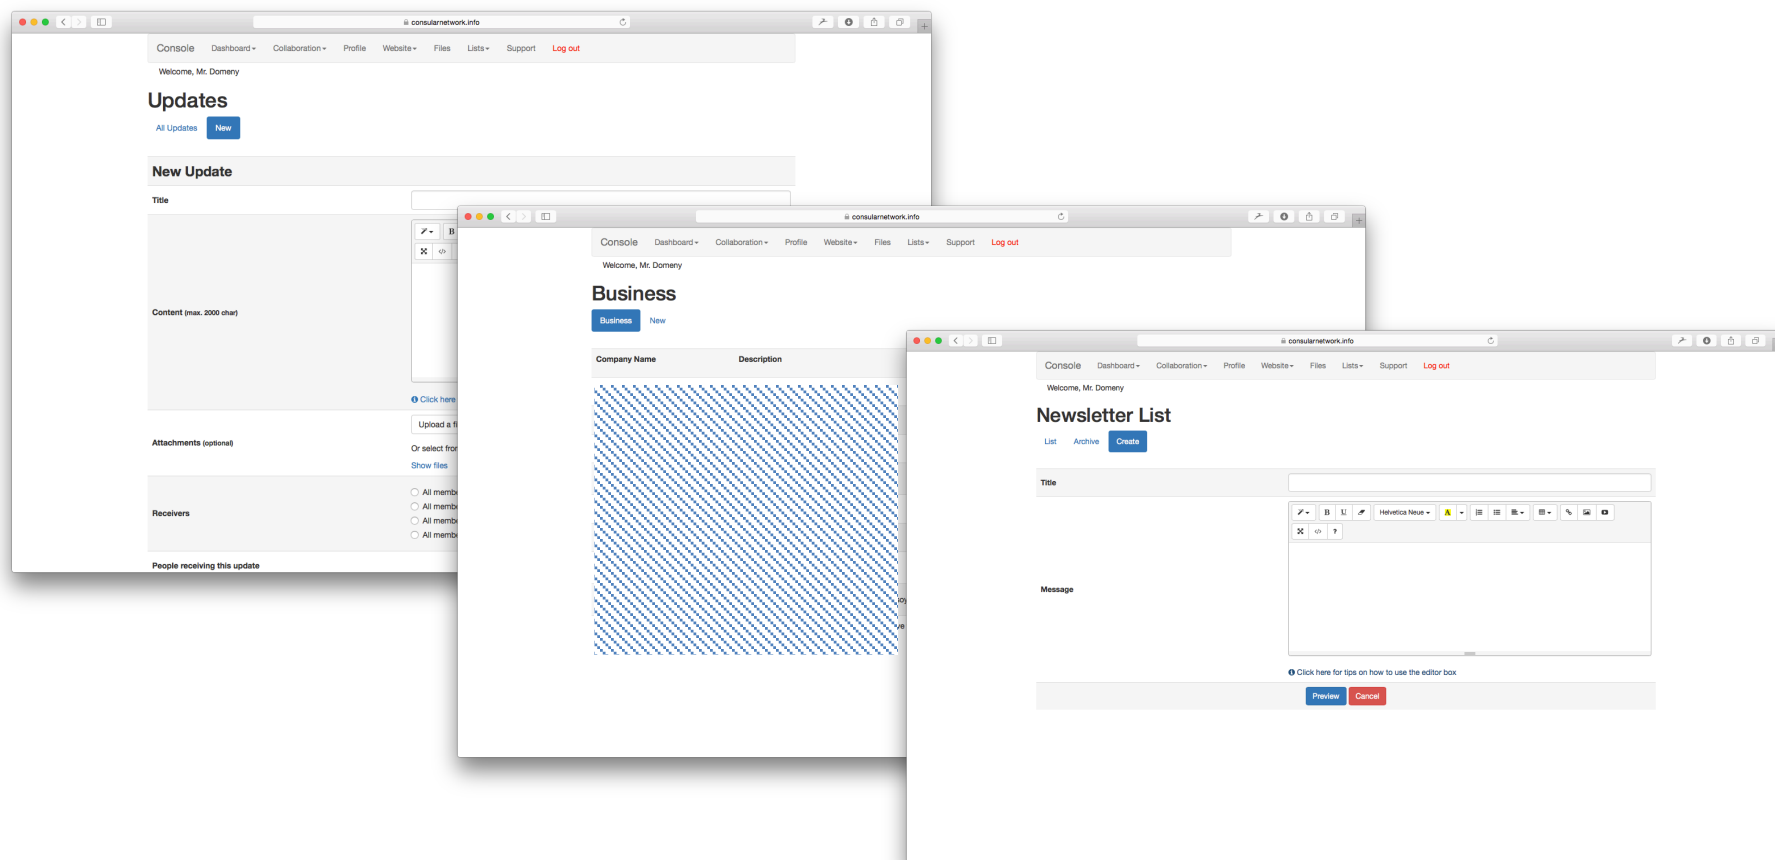

# Control content in real-time.

Update your personal profile and entity information at any time. Add, edit, and delete pages, news, and events for your website whenever you want.

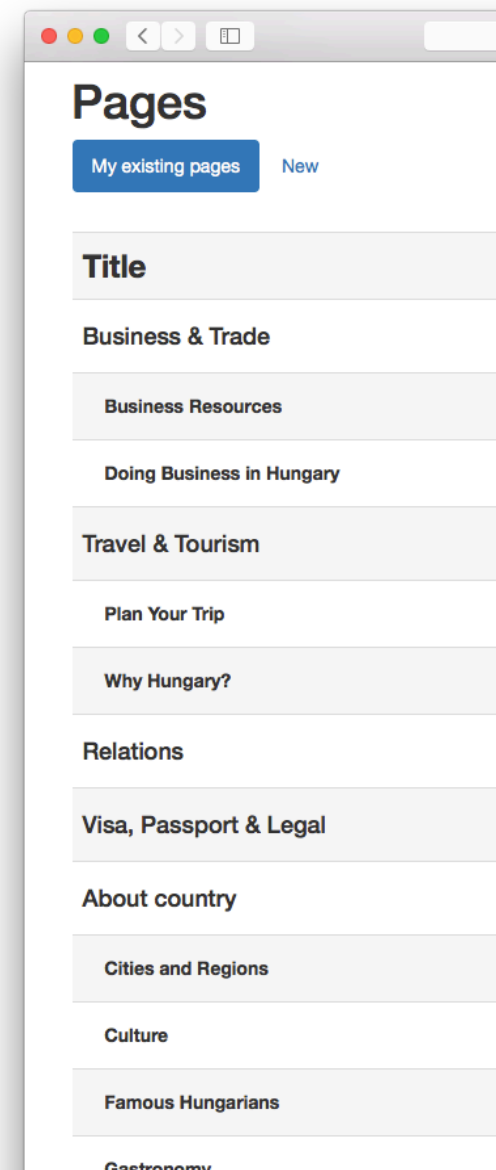

# Share and collaborate.

Send an update to your peers, publish a newsletter to your followers, share files with anyone in your network. Collaborate with others while all your content remains in one central location.

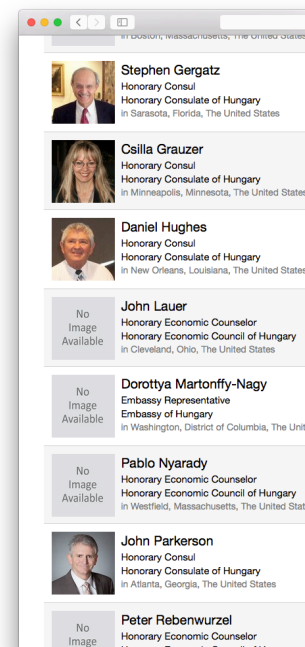

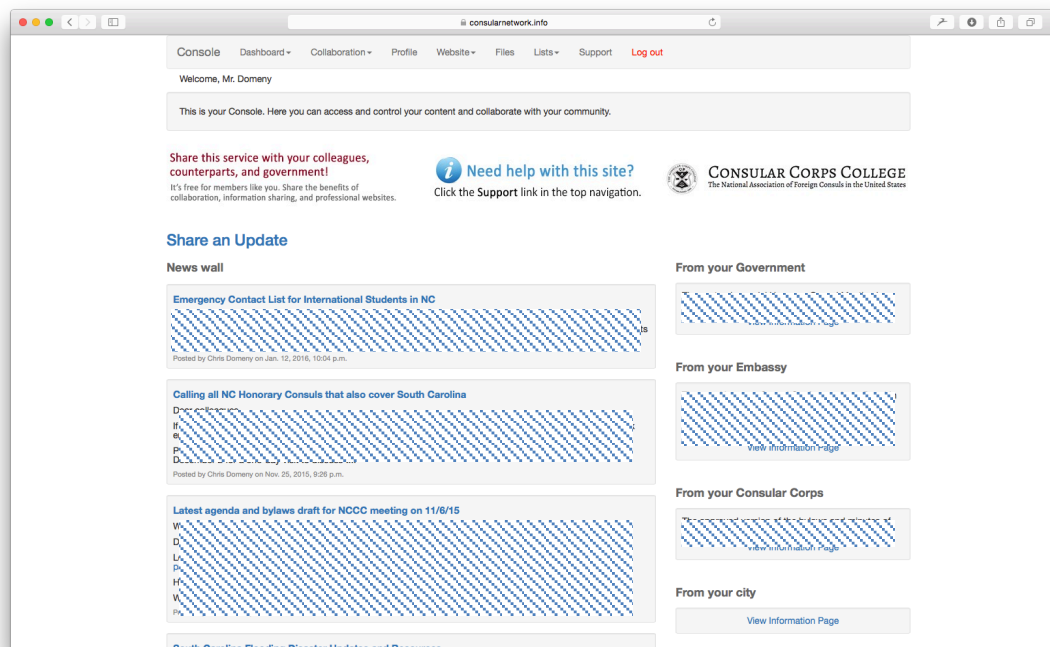

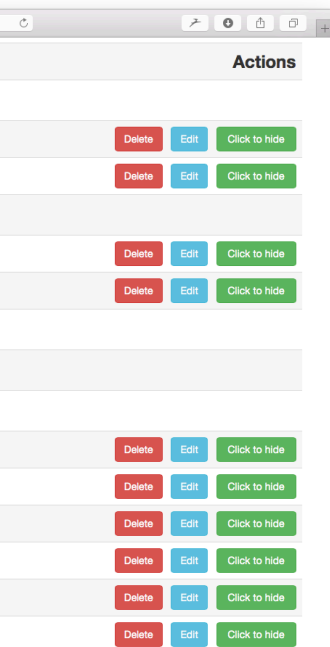

# For Governments & Embassies

- **Professional website structure:** Give your country representatives a full-featured and globally unified website with great functionalities.
- **Control members and content:** Take control of your member base and published content. Assign access rights, turn on/off consulate websites, and control information across your network.
- **Increase information speed:** Push news, events, and critical announcements directly to the Consulate websites. Post information in real-time, either country specific or worldwide.
- **Optimize content ownership:** The Government and Embassies control certain content on the consulates' websites. Eliminate redundancy, outdated information, and lag-time.
- **Multi-language support:** Post content in up to 5 languages. The system automatically displays the correct language on the local website.
- **Maximize community output:** Allow any of your country representatives to collaborate and communicate on one central and secure platform. Promote knowledge exchange, economic development, and networking.

# Take control.

Give access to all your career and honorary consuls, diplomats, attachés, staff members, and government officials. Control their access, websites, and content. Communicate via the Console, a private collaboration space that includes dashboards, announcements, directories, profile management, file upload, website content management, support, and more.

# Same look on a global scale.

Give all Consulates the same unified and professional online presence. Create familiarity for your diaspora worldwide. Choose from our template library to apply a look to your global theme. Change backgrounds, colors, and pictures to customize your brand.

# Pick an address. Or bring your own!

Use any of our addresses

<http://country.embassy.network/city>

<http://country.consulate.network/city>

<http://country.honoraryconsulate.network/city>

<http://country.foreignservice.info/city>

Or use our white-label solution with your own address

Requires additional cooperation with the agency that governs your country code top-level domain. The below are illustrations only.

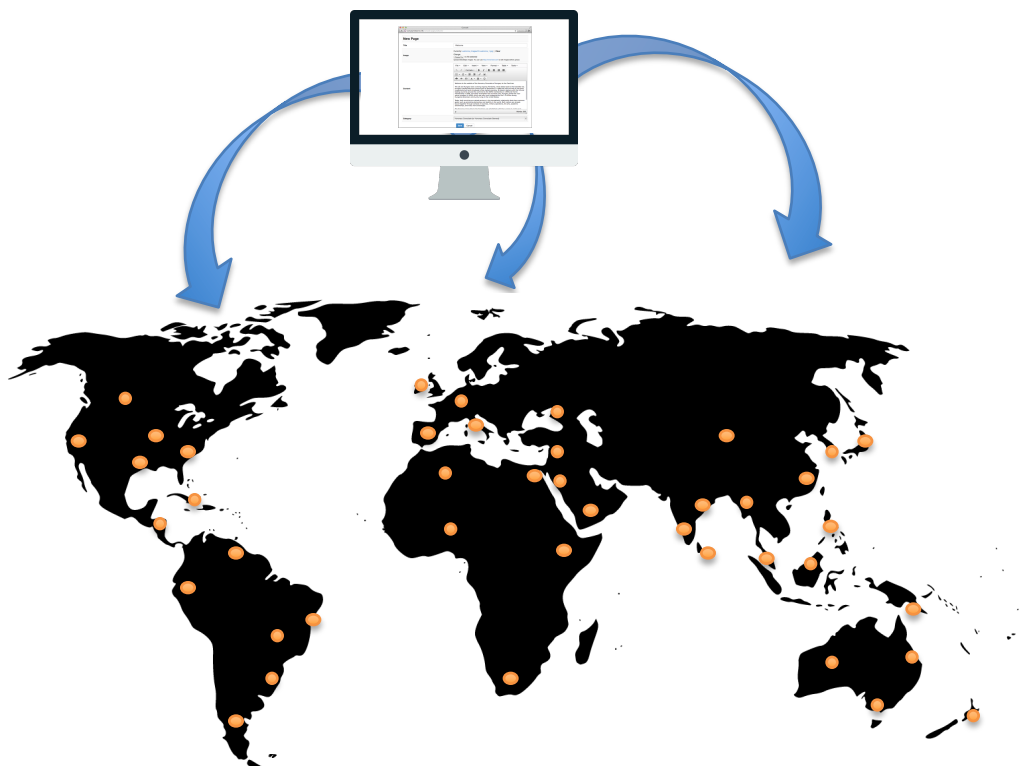

<http://gov.hu/city>

<http://dutchmissions.com/city>

<http://mofa.kr/city>

Choose the naming convention for all your foreign posts' websites, so they all have standardized and professional internet addresses. Use any of our addresses or make available a custom address on your own country code top-level domain.

## Syndicate information in real-time.

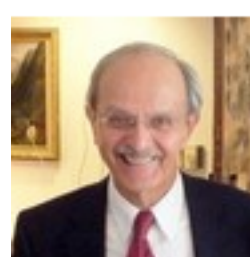

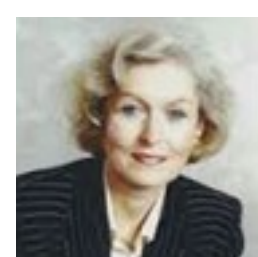

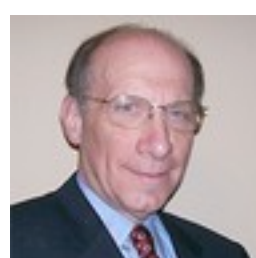

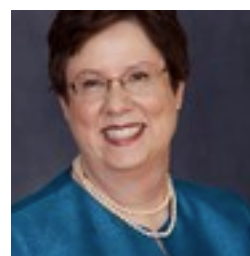

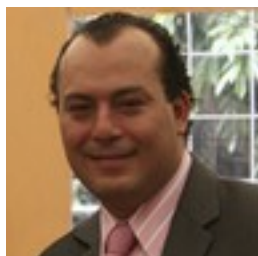

Maintain content centrally and instantly update it worldwide. Post news, events, critical updates, and general information directly on all consulate websites around the world. Post internal updates in the secure Collaboration space, only available to your country representatives. Embassies can do the same on a country level in their host countries.

## Unlock the power of a global network.

Our central platform allows your network of foreign service officers to connect with one another and with counterparts from other nations. Cultivate contacts, create opportunities, and convert them into foreign direct investment and increased bi-lateral relationships.
